

# HR Policy Manual

## Leave Policy

### Casual Leave

Employees are entitled to 12 casual leave days per calendar year. Casual leave is intended for short personal needs, urgent family matters, or unforeseen situations that do not qualify as sick leave or earned leave.

Casual leave should normally be requested at least one working day in advance through the company leave system. In emergencies, employees must inform their reporting manager as soon as possible.

A maximum of 3 casual leave days may be taken consecutively unless a manager approves an exception. Unused casual leave does not carry forward to the next calendar year and cannot be encashed.

### Sick Leave

Employees are entitled to 10 sick leave days per calendar year. Sick leave may be used when an employee is ill or medically unfit to work.

For absences of more than 2 consecutive working days, the company may request a medical certificate.

### Earned Leave

Full-time employees accrue 18 earned leave days per calendar year. Earned leave should be planned in advance and approved based on business needs.

A maximum of 10 earned leave days may be carried forward into the next calendar year.

## Working Hours

The standard working schedule is Monday to Friday, 9:00 AM to 6:00 PM, with a one-hour lunch break. Employees are expected to maintain regular attendance and complete their assigned responsibilities during working hours.

Flexible timing may be approved by the reporting manager based on role requirements and team needs.

## **Workplace Safety Policy**

The company is committed to providing a safe and healthy workplace for all employees, contractors, and visitors. Every employee must follow safety instructions, use equipment responsibly, and report hazards immediately.

Emergency exits must remain accessible at all times. Fire drills will be conducted periodically, and employees are expected to participate fully.

Any workplace injury, unsafe condition, or near-miss incident must be reported to the Administration or HR team on the same day. Repeated disregard for safety procedures may result in disciplinary action.

## **Code of Conduct**

All employees are expected to behave professionally, respectfully, and ethically in the workplace. Harassment, discrimination, bullying, and misuse of company property are strictly prohibited.

Employees must protect confidential company information and use company systems only for authorized business purposes.

## **Remote Work**

Remote work may be permitted for approved roles or exceptional situations. Employees working remotely must remain available during agreed working hours, attend scheduled meetings, and follow information security requirements.

Company-issued devices should be used for official work wherever possible, and sensitive information must not be shared through unauthorized channels.
